MEMORANDUM FOR: Deputy Director for Intelligence
Deputy Director for Science and Technology

SUBJECT : Project [REDACTED]

25X1A2g

1. Since 1954 the Agency annually has presented a two-week orientation to representatives of the Defense Establishment, primarily members of the unified and specified commands. This program is known as Project [REDACTED] 25X1A2g
2. Beginning in 1964, and in addition to the annual two-week program, the Agency has presented two abridged two-day versions of Project [REDACTED]. Members of the Joint Staff and the Defense Intelligence Agency have been invited to these short programs. We have had two two-day programs this calendar year. One was in February, and the other was in May.
3. The Director of Training is in the process of coordinating plans for this year's two-week Project [REDACTED] 25X1A2g which is tentatively scheduled for the period 18 through 29 October 1965. The Assistant Deputy Director for Plans raised a question as to the advisability of this presentation at this time. He referred to the pressures of so many different critical problems on all senior officers of the Agency who would be asked to make presentations to the group.
4. As you may know, the drive for these Project [REDACTED] 25X1A2g presentations, especially the two-day programs, seems to come

from the Defense Establishment rather than the Agency. The Defense Intelligence Agency is now preparing a two-day program called Project [REDACTED] which will be presented by DIA for Central Intelligence Agency officials. We would expect some disappointment on the part of the prospective students if our October program is deferred or canceled. Your advice is requested, therefore, regarding the advisability of canceling or deferring this program, the probable extent of disappointment, and the effect this might have on your relationships with the Defense Establishment.
